SUBJECT: Army SSO Message

Colonel Denholm, Chief Collection Division, G-2, sent Major Boman (after talking with me by phone) to see me. Colonel Keena lacked an "R" clearance which Denholm thought might be necessary.

The message was from Dodds at EUCOM regarding sighting of a plane at [Redacted] over Germany. Another message which we obtained confirmed and expanded.

Sent Boman to Ops. with advise to Ops. in advance. Result: Not our plane - therefore, and importantly, and indication of unknown aircraft. Army, Air Force, and CIA/OCI have this information.
